6. Those rights for telephone line purposes which have been granted to Sprint Central Telephone of Nevada by Permit No. NEV-067254 the under the Act of March 4, 1911 (43USC961).

7. Those rights for communication line purposes which have been granted to Sprint Central Telephone of Nevada by Permit No. N-7342 the under the Act of February 15, 1901 (43USC959).

8. Those rights for substation and transmission line purposes which have been granted to Nevada Power Company by Permit No. NEV-061618 the under the Act of October 21, 1976 (43USC1761).

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Las Vegas District, 4765 W. Vegas Drive, Las Vegas, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease/conveyance under the Recreation and Public Purposes Act, leasing under the mineral leasing laws and disposals under the mineral material disposal laws. For a period of 45 days from the date of publication of this notice in the **Federal Register** interested parties may submit comments regarding the proposed lease/conveyance for classification of the lands to the District Manager, Las Vegas District, P. O. Box 26569, Las Vegas, Nevada 89126.

Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a public park.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land described in this Notice will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be offered for lease/conveyance until after the classification becomes effective.

Dated: May 5, 1995.

## Fish and Wildlife Service

### Availability of Draft Environmental Impact Statement on the Establishment of the Silvio O. Conte National Fish and Wildlife Refuge Within the Four-State Connecticut River Watershed of New England

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The U.S. Fish and Wildlife Service (Service) has prepared, for public review and comment, a Draft Environmental Impact Statement (DEIS) on establishing the Silvio O. Conte National Fish and Wildlife Refuge (refuge) in the Connecticut River watershed of Connecticut, Massachusetts, Vermont and New Hampshire. The DEIS describes a No Action alternative, the Service's Proposed Action, and three other alternatives for establishing the refuge and the environmental consequences of implementing each alternative. This notice is being furnished pursuant to the National Environmental Policy Act (NEPA) regulations (40 CFR 1503.1) to invite comment on the DEIS from other federal and state agencies and the public.

**PUBLIC MEETINGS AND HEARINGS:** During the public review period, a series of afternoon walk-in informational sessions and evening public meetings and hearings will be held in 16 different locations throughout the four-state Connecticut River watershed. Meetings will be held in four locations in Massachusetts the week of June 6, 1995; in four locations in Connecticut the week of June 12, 1995; in four locations in southern Vermont and New Hampshire the week of June 19, 1995; and in four locations in northern Vermont and New Hampshire the week of June 26, 1995. The dates, times and locations of these meetings will be announced in local and regional newspapers, through public service announcements in other media, and through direct mailings. Written and oral comments will be accepted at all walk-in informational sessions and public meetings, or hearings.

**FOR FURTHER INFORMATION CONTACT:** Larry Bandolin, Project Leader, U.S. Fish and Wildlife Service, 38 Avenue A, Turners Falls, Massachusetts 01376.

Telephone (413) 863-0209 or Fax (413) 863-3070.

**PUBLIC COMMENT PERIOD:** In order to be considered in the preparation of the Final EIS, all comments should be received no later than July 31, 1995.

**SUPPLEMENTARY INFORMATION:** The DEIS was prepared to fulfill the requirements of the Silvio O. Conte National Fish and Wildlife Refuge Act of 1991 (Act), Section 105. The Act's long-term purposes for establishing a new refuge in the Connecticut River watershed are to: (1) conserve, protect, and enhance the Connecticut River watershed populations of Atlantic salmon, American shad, river herring, shortnose sturgeon, bald eagles, peregrine falcons, osprey, black ducks, and other native species of plants, fish, and wildlife; (2) conserve, protect, and enhance the natural diversity and abundance of plant, fish, and wildlife species and the ecosystems upon which these species depend within the refuge; (3) protect species listed as endangered or threatened, or identified as candidates for listing, pursuant to the Endangered Species Act of 1973, as amended; (4) restore and maintain the chemical, physical, and biological integrity of wetlands and other waters within the refuge; (5) fulfill the international treaty obligations of the United States relating to fish and wildlife and wetlands, and (6) provide opportunities for scientific research, environmental education, and fish and wildlife-oriented recreation and access to the extent compatible with the other purposes stated in this section. The DEIS describes five alternative ways to help fulfill these purposes. It also discusses the process used to develop them and the environmental consequences of implementing each one. The first alternative (No Action) would involve no new conservation efforts in the watershed on the part of the Service. A second alternative (Private Lands Work and Education) relies on the voluntary restoration and enhancement of private lands through the Service's Partners for Wildlife Program. A third alternative (Private Lands Work, Education and Partnerships) relies on the voluntary restoration and enhancement of private lands, developing partnerships, providing technical assistance and establishing a cost-sharing grants program—through the Service's Challenge Cost Share Program—to help other conservation interests carry out their land protection programs. A fourth alternative (Private Lands Work, Education, Partnerships and Land Protection—The Service's Proposed Action) is similar to the third
